K-Derme^{Oil}

Your Extra Protection Against Dandruff

with Neem oil

K-Derme Oil is an Ayurvedic herbal formulation containing natural ingredients that protects you from dandruff, common skin allergies and other skin disorders. The herbs in K-Derme Oil have astringent, antiseptic and anti-inflammatory properties.

K-Derme Oil penetrates your hair roots and removes the problems from the base.

K-Derme Oil contains:

Wrightia trinctoria (Indrajav):

- ◆ Helps in healing your scalp.
- ◆ Protects you from common skin allergies.
- ◆ Has astringent and anti-inflammatory activities.
- ◆ Its antibacterial properties fight skin disorders.

Azadirachta indica (Neem oil):

- ◆ Well-known antiseptic and antibacterial used for various skin disorders for centuries.
- ◆ Is a blood-purifier.
- ◆ Keeps your hair follicles healthy and promotes hair growth and strength.

Pongamia glabra (Karanja oil):

- ◆ It is antibacterial, anti-inflammatory, wound healer and painkiller.

Curcuma longa (Haldi oil):

- ◆ It is antiseptic, a wound healer (micro bactericidal) as well as painkiller.

Cocos nucifera (Coconut oil):

- ◆ Coconut oil allows for easy absorption giving your skin a soft, smooth texture.
 - ◆ Provides prompt relief from dry skin.
 - ◆ It is an excellent conditioner and helps the re-growth of your damaged hair.

K-Derme Oil :

- ◆ Effectively controls dandruff
- ◆ Wards off reoccurrence
- ◆ Reduces scalp itching
- ◆ Promotes healthy growth for your hair

For better results please use K-Derme Oil with K-Derme capsules.

Why K-Derme Capsules?

Dandruff is a common form of skin eczema that occurs in parts of the body with high oil (sebum) production known as seborrheic dermatitis of the skin, also called as psoriasis of the scalp. Seborrheic dermatitis is a common condition that makes the skin look greasy, scaly and flaky. It usually affects the scalp. In adolescents and adults, seborrheic dermatitis is commonly called "dandruff".

According to Ayurveda, skin problems occur mainly due to overload of toxins in the body. Excess of toxins may also be deposited in the skin, making it difficult for the sweat glands to deal with them, resulting in common inflammatory skin conditions characterized by frequent episodes of redness, itching, including thick, dry, silvery scales, superficial skin eruptions, etc.

When you use K-Derme capsules along with K-Derme Oil, you will get better and faster results, and your scalp will heal naturally.

Application:

- ◆ Part your hair and apply oil all over your scalp.
- ◆ Massage your scalp gently with fingers in a circular motion, so the oil gets absorbed into your scalp.
- ◆ Wait for an hour or more before washing. For best results leave it overnight.
- ◆ To add to its efficacy take our K-Derme capsules.
