

KINOTAKARA

Use Kinotakara and Recover your body

Dr.Linus Pauling ,Noble Prize Winner in Chemistry and Peace had proved in his research that toxin in human body actually causes diseases.

Today,our basic necessities for survival such as water,air and food have all become highly toxic,such that when we eat or breath,we are actually taking in toxins into our system.

Needless to say ,this is hazardous to our health.Those of us with weak immune system are prone to be infected with multitude of disease.These toxins to be cleared off to live a healthy life.

Dr.Kawase Itsuko,the founder of this health care therapy,hypothesized that if trees could grow for ages without any aid,humans too should be able to live longer if they could discover and harness the secrets behind the growth of trees

After 26 years of her experiments Dr.Kawase eventually concluded that the wood vinegar in Oak trees,Sakura trees and Beech trees possesses special detoxifying functions.Using this wood vinegar we can absorb the toxins from the human body.

Wood vinegar is purified by burning it under extreme heat,adding in several natural ingredients,grinding them into powder and putting them into packets.This how the detoxifier "KINOTAKARA" was prepared.

Kinotakara revitalizes the body,enhances blood circulation,strengthens the immune system,improves the quality of sleep and promotes better health.

THE EFFECTIVENESS OF "KINOTAKARA"

- Removes the toxins from the body
- Strengthens the immune system
- Enhances good blood circulation
- Reduces inflammation and eases knee pain,back pain,pain associated with rheumatism.arthritis,phlebitis and even tinnitus

HOW TO USE KINOTAKARA?

- Human feet are considered as second heart since it is the organ which predicts the health of the internal organs.
- 60 Numbers out of 360 acu points lies in our feet and they are bigger in size compared to other acu-points.
- Acu points in the feet is more helpful in removing the toxins from the body.
- Before to bed apply the white Kinotakara on the feet (atleast after 8 hours) morning remove the plaster,we can see muddy colour toxin on the plaster.
- Continue this process till the plaster is white even after using it.
