

K-Rol

FOR CHOLESTEROL

Cholesterol is a waxy, fat like substance found in every cell of the body. It helps to digest fats, strengthen cell membrane and produces hormones. Although cholesterol serves many important functions in the body, too much cholesterol in the blood can be dangerous. When blood cholesterol reaches high levels, it builds on artery walls increasing risks of blood clots, heart attacks and stroke.

Causes of High Cholesterol

- ✦ High intake of excessive fatty foods (butter, eggs, red meat, etc)
- ✦ Sedentary lifestyle
- ✦ Mental stress
- ✦ Smoking
- ✦ Excessive consumption of alcohol
- ✦ Malfunctioning of liver

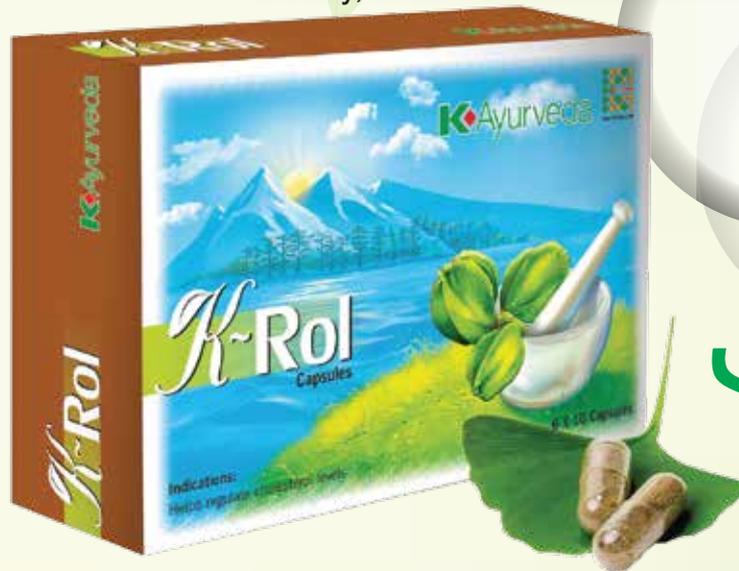

K-ROL works on high cholesterol by:

- ✦ Breaking down the bad cholesterol
- ✦ Improving the blood circulation
- ✦ Acting as a cardiac tonic
- ✦ Rejuvenating and restoring the functioning of the liver

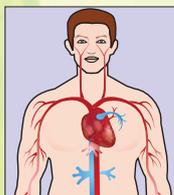

K-ROL is made up of various ingredients, including:

Terminalia Arjuna Extract:

- ✦ This is a well-known herb, a cardiac tonic, which helps and protects the functioning of the heart.
- ✦ Helps reverse hardening of the arteries
- ✦ It enhances the taking away of cholesterol by accelerating the turnover of HDL or high density lipoprotein (Good) cholesterol in the liver
- ✦ It promotes effective cardiac functioning and regulates blood pressure.

K-Ayurveda

Andrographis Paniculata Extract: Liver tonic and stimulant.

Zingiber Officinale: It is an excellent cardi tonic; it supports the heart and improves blood circulation.

Piper longum: it strengthens the immune system of the body

Crataeva Nurvala Extract:

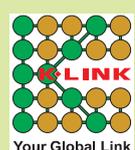

- ◆ With their anti-inflammatory properties, these herbs assist the digestive system, provide diuretic action & help in blood circulation.
- ◆ Recommended product combination K-Rol is recommended in combination with K-Lite

Why K-Lite?

The cholesterol that the liver produces is vital in strengthening the membranes of each and every cell in the body. K-Lite helps to strengthen the liver function for better absorption and purification of the blood thus producing the required cholesterol for the body.
